MY MEMORIES

**As I look back I can see
What fun we have had
Laughing and playing and arguing too,
But isn't that what families do.**

**We love one another
With all our hearts
and dread the day we must part.**

**There were good times and bad
But we managed through
And the Memories we've shared
Will always be inside of you.**

**The day will soon come
When we must part
Yet the love we have for one another
Will always be in our hearts.**
